ማሕበር ልምዓት ዓድዋን ኸባቢአን ሓጎስና ንገልፅ

An extraordinary family From the United States of America Build a fully functional health center in Adwa. Mrs Haregweyni and her husband Engineer Teshale used their own money to build the health center. The center will be very useful and serve the much under-served population in and around Adwa. As you know Adwa will also have a brand new hospital in few years time after living with a much dilapidated old hospital for too long!

ኣብ ከተማ ዓድዋ ማይ ጓጓ ወይ ብተለምዶ ሃንጋሪ ተባሂሉ ዝፍለጥ ቦታ ብወ/ሮ ሃረገወይኒ በርህን ቤተሰብን ዝተሰርሐ ጥዕና ጣቢያ ሰንበት 14/09/2008 ዓም ተመሪቁ!!

Engineer Teshale Tesfayi and Mrs. Haregewoyni Berhie built a fully functional Health center in Adwa suburb. The family of Engineer Teshale funded 100% from their own pocket, which is over \$250,000 US dollar. The health clinic is named after the late father of Mrs. Haregewoyni "Berhie G/medhin Health Center". Previously, Ato Teshale & his family single-handedly funded the entire construction of an elementary school in Shire Endasilassie. Engineer Teshale has been actively involved by generating positive changes in Ethiopia and leading by example. Congratulations to you - Ato Teshale and the family for the outstanding works.....
